

NF-630V

Twin Head Armhole Press & Fusing Machine

- Twin head armhole pneumatic operated with programmable fusing time and electric heating plate.
- Built-in powerful vacuum to keep garment in position.
- Highly efficient as both armholes can be presented at one time with left and right mould.
- Programmable fusing time for individual armholes with 3 digital temperature controllers for each armhole.
- To apply even pressure for quality fusing, the heating plate is pressed down after the lower armhole mould is transferred horizontally away from the operator. Thus, less fatigue for user.
- Safety features incorporated to protect the operator.

Total Consumption	Voltage	Air Consumption	Air Pressure	Machine Dimensions	Weight
6.4Kw	400V/3PH/50-60Hz	94 L/min	6.5 Bar	900 x 1430 x 1620 mm	490 Kg
