

**US-6980N2**

Optional working plates:  
100x50mm, 100x100mm, 200x150mm, 150x150mm

**APPLICATION**

- The machine can be used for any design transferring on any kind of fabric, pressure fusing and ironing.

**FEATURE**

- PLC controlled type.
- Automatic air-driven system.
- Semi/fully automatic left/right movement can be switch over by selector switch.
- Temperature can be set up precisely by digital omron thermostat.
- Pressure and pressing time can be adjusted easily according to the requirement.
- The counter can accurately display the production rate.
- The electronic thermostat can minimize temperature difference to ensure precise pressing.

Model	Power Supply	Rated output	Amp's	Max. Temperature	Pressure	Heating Time	Dimensions L x W x H	Net Weight
<b>US-6980N2</b>	1-Phase 220-230V	600W	3.0A	200°C	4-7kg/cm <sup>2</sup>	0-60 Sec	610x405x530mm	49 kgs
